

Job Description

Job Title: Molding Setup Technician
Department: Molding
Reports To: Molding Team Leader
FLSA: Non-exempt

Summary: Plans and performs a variety of machine operations to mold parts to specifications by performing the following duties.

Essential Duties and Responsibilities include the following:

- Reads and interprets blueprints, planning sheets, sketches, and related technical data to determine tooling requirements, and setup procedures.
- Sets up and prepares molding equipment and dies/tooling for production.
- Sets up and prepares auxiliary molding equipment for production.
- Reads work order, manipulates controls, and enters commands to specified set point.
- Identifies and performs machine adjustments and troubleshoots to identify problems.
- Ensures the proper mix of regrind material as per setup sheet.
- Cleans machine tooling and parts.
- Other duties as assigned.

Education and/or Experience:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

This position requires a high school diploma or general education degree (GED), 2 - 3 years related experience and/or training, or equivalent combination of education and experience, and qualification as a lift truck operator. This position also requires that employees possess and/or demonstrate the relevant competencies as outlined in Delta's Competency Matrix.

Physical Demands:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is regularly required to talk and hear, stand, walk, sit, use hands to finger, handle, place small objects or feel, reach with hands and arms. The employee must occasionally lift and/or move up to 30 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception and ability to adjust focus.

Work Environment:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is occasionally exposed to moving mechanical parts. The noise level in the work environment is usually moderate.
